G.W.U. ELEVEN BEATEN BY GETTYSBURG 20-0

Men Played Better Than Score Indicates

PLAY WESTERN MARYLAND TOMORROW

Tomorrow's Contest To Be Staged At Union League Park, Fifteenth and H Streets, Northeast, at 2 O'Clock

By Howard Scott
The home team went down to a 20-0 defeat before the Gettysburg team in a closely contested game, which, in spite of the score, was not at all one-sided. To hold a team that held Cornell to 26 points last week and to show such a great improvement over the form exhibited at St. John's augurs well for the future of G. W. U. team. In line plunging G. W. U. showed themselves the equals of the Gettysburg huskies whose open field work only enabled them to score.

Several of our men played games that far outshone their rivals. Hillis, in his new position at left guard, played a great game and far out-punted the Gettysburg booter. Wilson proved himself a find for quarterback until removed because of a hard knock received when illegally tackled. He was replaced by Pepper who played his usual brilliant and speedy game. King and Giacomo, our fighting halfbacks, carried the ball splendidly for the rejuvenated line-up.

G. W. U. Eleven Plays Well

The first quarter went well for the G. W. U. eleven which kept the ball mostly in their opponents' territory and even threatened their goal. An exchange of punts was also favorable to the home warriors, altho our men could not make the gains running them back that their opponents could.

The second quarter opened with the ball on the G. W. U. 20-yard line. Hillis punted to Moyer who broke away from the scrimmage line and cleverly evaded our defense in a 40-yard run to a touchdown.

G. W. U. received the kick-off being downed on their 25-yard line. Hillis punted on the fourth down and Gettysburg brought the ball to our 12. (Continued on page three)

TO ORGANIZE MONSTER G. W. U. STUDENT BAND

To Accompany Team, to Georgetown Game—Every Musician Should Join

The organization of a monster student brass band is being planned by David Davis and Maurice Herzmark, who have been active in orchestra work the past few seasons. The sole purpose of this band is to escort the football team on the field on the day of the big game with Georgetown. A band has been the feature of Georgetown's celebration each year, and George Washington is anxious to give its team the proper send-off.

There are a number of men in the University who play band instruments and the organizers are anxious to hear from them.

To join this band would not require the giving of much time.

See David Davis or Mr. Herzmark tonight at 8 o'clock in the Assembly Hall of the A. & S. Building.

ANOTHER BUILDING FOR UNIVERSITY

Purchase of 2027 G Street Sanctioned by Trustees

TO BE USED AS OVERFLOW

No Remodeling to Be Made this Year. Publications' Office May Occupy Part of Building Next Year.

Plans for the purchase of an additional building at 2027 G street, for the Arts and Sciences Department, which was sanctioned by the Board of Trustees at their last meeting, are now under way by the University officials. The outright purchase is expected to be made this week.

No plans for improvement have been made for this year and it is most likely that they will be deferred until next vacation. For the remainder of this year the building will be used just as an overflow. The extent of alterations of this annex for the present term will be the construction of a doorway between it and the lately acquired building on the east side.

Publications May Move

It has been suggested for next year to move the publications' offices into this building so that they might receive the proper desk room for editorial and mailing purposes. The present office now situated in the A. & S. Building is too crowded. In this new building each publication will probably have separate quarters which will enable both staffs to work with greater efficiency.

President Stockton in a recent interview stated that the University was rapidly improving financially. These progressive strides being made by the University during the last two years give proof of this condition. It will be remembered that it was only last December that the purchase of the east annex to the A. & S. Department was made.

DR. MUNROE ADDRESSES THE CHEMICAL SOCIETY

About 75 people were royally entertained Wednesday night, October 18, at the first joint meeting of the George Washington Chemical Society, and the Society of Former Students of Chemistry of G. W. U. Dr. Munroe gave an interesting talk on "Recent Important Industrial Advances in Chemistry," which held the attention of all students interested in this science. After the close of the meeting all present adjourned to the medical library where refreshments were served.

This meeting proved to be a fitting inauguration of a year which promises to be one of the best which the Chemical Society ever had.

GIRLS TO CHOOSE TENNIS TEAM TO FACE GALLAUDET

After the coming match between Misses Katherine Moses and Louise Lowber, a University team will be chosen to oppose Gallaudet.

The recent matches held on the Municipal Courts ended in the victory of Miss Theodosia Seibold over Miss Stimpson by 6-4, 6-2. Miss Edith Altman won both matches from Miss Bristow by 6-1 and 6-3.

MOREHOUSE TO COACH G.W.U. DEBATING TEAM

Also Chairman of Debating Council Succeeding Prof. Schreiber, Who Is On Year's Furlough

PGAD B. MOREHOUSE.

—Courtesy of The Star

Due to the absence of Prof. E. Otto Schreiber who is on a year's furlough, PGad B. Morehouse has been appointed chairman of the G. W. U. Debating Council and coach of the debating team by the Board of Trustees thru a recommendation of the Faculty Committee on Student Activities.

Mr. Morehouse has been active in G. W. debating circles for a number of seasons. This year he is critic for the Columbian Debating Society.

ASSISTANT MANAGERS OF BASKET BALL ANNOUNCED

J. C. Leonard and George Smithson to Assist Manager Daidy—Elaborate Schedule Being Arranged

At the meeting of the Student Council, October 12, Manager George A. Daidy of the varsity basket ball team named J. C. Leonard and George Smithson as assistant managers for the coming season. It is probable that George Colliflower who coached the team the latter half of the last season, will again coach.

A fine schedule is being arranged with the seven home games being played at the Y. M. C. A. gym. Georgetown, Catholic University and Gallaudet will each be played two games for the District of Columbia championship. University of Virginia, title holders, will be played twice in the South Atlantic championship. The team will make two trips for games on foreign floors, the southern trip on the week-end of January 13, and the northern trip will complete the season on March 1.

The season will open before the Christmas holidays with Gallaudet as the opposing team on the Y. M. C. A. floor. Practice will start the middle of November and with a large squad of candidates, an excellent coach and a peppery captain, the prospects for a most successful season are very bright.

COUNCIL PROPOSES STUDENT MEETING IN EACH DEPARTMENT

A. & S. Department To Hold Its Meeting in The Front of Building 4.30 o'clock This Evening—Law and Medical Students Meet at Law School Same Time

LESLIE W. TELLER and LEON FROST New Council Members

Dr. Borden Addresses Councilmen on Critical Football Situation—Urges Student Support—Monday and Tuesday of Next Week to be Given Over to Tax Solicitation

A great deal of business was accomplished by the Student Council at its last meeting, Tuesday night, October 17, in the Law School Building, the most important of which was the motion to hold a series of mass meetings thruout the colleges this evening at 4:30 o'clock to acquaint the students with the football situation. Monday and Tuesday of next week will be set aside as "Tax Days" and one great campaign for tax signers will be made.

Dr. Borden, who is giving medical aid to the football squad, addressed the Council and told them what a critical condition the football situation was in. He urged immediate action in arousing interest in the student body so the men would have something to work for. He stated the men reported each evening on the G. W. U. field without ever a sign of student support. He also told the Council other matters which should be rectified and they were taken up in order.

After Dr. Borden's appeal the Council discussed the question of student meetings and it was decided that the best plan to reach all students of the University was to call mass meetings in each department at the same time. This evening at 4:30 o'clock these meetings will be under way in each department and a good speaker will be present at each. The Law and Medical Schools will meet together probably in the Law School Building. The meeting at the A. & S. Department will be held in the front of the building. It is probable that Coach Sullivan will be one of the speakers.

PROF. CROISSANT ON NATIONAL COMMITTEES

Prof. DeWitt C. Croissant, head of the journalism department and member of the Faculty Committee on Student Activities, has been re-elected member of the Advisory Council of the Simplified Spelling Board for a term of five years. Prof. Croissant is also general field agent of this Board.

The National Council of Teachers of English which last year authorized the appointment of a Committee on American Speech has appointed Prof. Croissant as one of its members. This committee is to arouse public sentiment to the need of improving the speaking voice and to raise the standard of speech usage in daily life.

A committee was appointed to present the matter of these student meetings before President Charles Herbert Stockton. This committee is composed of Chester Draper, chairman, Miss Theodosia Seibold and Elmer Kayser. This committee will ask the president to suspend classes between 4:30 and 5:15 so that these meetings may take place and benefit everyone.

The first business to be brought up at the meeting was the subject of a cheer leader. It was decided to have some organized cheers at the coming games, and the only way this could be had was to appoint an official cheer leader whose business it is to teach the students the yells at the mass meetings tonight. Charles Lynch was given that position.

The report of the tax situation showed a great deal of improvement. Among the schemes proposed to give the growth of the percentages of the different colleges was the erection of a big thermometer in front of the G street buildings. No definite action was made on this, it being left to the committee with the tax in hand.

Plans are under way to have the Freshman and Sophomore Classes of all the departments compete in suitable contests for class supremacy. There will be no "rough-house" it was stated, but just good, clean competition. Push ball, tug-of-war and a battle for the flag will be among the contests waged. It is hoped that the Ellipse may be secured for the purpose.

To Hold Fresh-Soph Contests
The committee having the contests in charge is composed of John S. Bixler, chairman, W. S. James and Leslie W. Teller.

Two new members were appointed to the Council by Dean E. Fraser. Leon Frost was appointed to represent Dental School to assist Mr. Cannon. It was decided that the Dental

The Trial

The first home game tomorrow will give a fair idea to the athletic managers whether or not the student body is sincere in its demand for football. The students will be on trial.

Dr. Borden in his explanation of the situation before the Council urgently requested the members to do something to make the students realize what a stupendous undertaking this is. He urged the Councilmen to arouse enthusiasm among them so they will get together and encourage the players. Now fellow students, it is up to each and every of you to see that the team gets the proper support. It is discouraging for the eleven to work for such a disinterested student body.

When the team plays other colleges on foreign grounds they have a right to be disheartened to see such a vast contrast in the student support. At the Gettysburg game last Saturday the few G. W. U. men who made the run were surprised to see so much life in a little town. The Gettysburg College's own band paraded thru the streets followed by the whole student body giving cheers for the team and singing college songs. If a college of 350 or 400 students can give that much support, don't you think, fellow-students, that our University with a possible 2,000 should do as much more in proportion? You have got to do it, men. It is the students' sport and they must support it. The financial support is progressing splendidly, but the team needs to be encouraged. The men want something to work for.

A mass meeting is to be called at each department tonight and there is no excuse for anyone to be ignorant of the true facts regarding athletics. A good speaker will address the meeting and give the conditions under which the team is working. Help the team. They are working for the common good of all, so why not turn about and encourage them from the side lines? Let's have some team work on College cheers.

G. W. U. has the team, a good team but it lacks the pep which is only stirred up by the rousing grand stand support. Coach Sullivan has stated that the team has shown improvement. It will keep improving and by the time the Georgetown game is staged the men will be in a fair condition to come off with the honors.

Everybody out tonight and join in the yell. G. W. U. is going to win tomorrow and you want to be on hand to witness the contest.

STUDENTS ENJOY
GETTYSBURG TRIP

Make Trip in Four Hours—State Forestry Boys Join G. W. U. Rooters

With Buff and Blue pennants flying, a party of students representing nearly every department of this University left the A. & S. Building 9:30 o'clock last Saturday morning in automobiles for Gettysburg to witness the home team play its first real game of the season.

The autoists headed for the Rockville pike and the long ride to the Battlefield was on in earnest. Ridgeville and Frederick were passed in record time without a mishap.

A few miles past Frederick a long stretch of tarred road was encountered which cut down the time average of the party. When this stretch was past the first puncture was recorded. In making the tire change the men were forced to walk in pools of road oil and manipulate the jack while the fenders dripped the fatty liquid and otherwise assisted in the ruination of clothing. Some ten minutes were consumed after repairs in draining the carburetor of gasoline "to remove spots."

The Battlefield was reached 1:15 o'clock. The party got lunch and reached Nixon's Field just as the game started. Altho the G. W. U. crowd numbered about 20, the men claim they made as much noise as their opponents "across the field." The klaxons on the automobiles proved valuable in the noise making.

The State Forestry boys present at the game joined the ranks of the G. W. U. rooters.

The men started the return trip about 6 o'clock. In order to avoid some of the bad road they had already gone over, the men decided to make the homeward trip via Hanover and Baltimore. Not many miles had been traversed when it was evident that the other road was the better, but it was too late to turn back.

Baltimore was reached at 8 o'clock with two flat tires and everybody shivering with the cold. The stock of "extras" was exhausted, consequently a new tube had to be purchased. When these repairs had been made and the party had eaten at Childs' it was Sunday morning.

Washington was reached at half past one with everyone in high spirits, despite the cutting wind stirred up in an endeavor to make up for some of the lost time.

TO HOLD DEBATE EVERY FRIDAY
EVENING

Columbian Debating Society Announces Tonight's Question

The Columbian Debating Society held its second meeting of the season last Friday night, the largest attendance of new members the Society has ever witnessed. At least 25 new men enrolled, these representing practically every department of the University. With some five score of its old members who returned to the Society this year, the Columbian looks forward to the most successful year in its history.

The subject for debate was, "Resolved, That the U. S. Government Should Manufacture All the Armor Plate for Its Own Use in Its Own Factory." The affirmative side was composed of L. E. Pendell, H. W. Walters and Thomas Field. Maintaining the negative were Max Rhoads, D. H. Cannon and G. O. Bacon. The negative side won the unanimous decision of the judges, and the honors were awarded to D. H. Cannon and Max Rhoads.

The Columbian Debating Society meets every Friday evening at 8 o'clock in North Hall, Law School, New Masonic Temple building. The subject for debate tonight is, "Resolved, That the President Should at Once Withdraw All Troops from Mexico."

DR. CRAIG URGES TAX SUPPORT

In a recent interview with a Hatchet reporter Dr. Craig, a member of the Faculty Committee, urgently requested the students to support the tax.

"The Medical Department of the University leads in the percentage column of the tax signers for the support of the student activities," he said.

"It is to be hoped that in the near future the other departments will follow the loyal example of the Medical School men and enable the Committee on Student Activities to assure the existence of University athletics. If the George Washington University is to resume its place among the great American institutions at present prominent by reason of athletic activities of the student body, the unqualified support of the undergraduates is indispensable in the attainment of that end. If the followers of the Buff and Blue would see their colors streaming in the van, not only must the heart respond, but willing hands as well as willing hearts must act in order that the paens of victory may lend sweet sounds to the students of the George Washington University. With the football team in the field with a victory to its credit, with the manifold opportunities at hand for the students availing themselves of the tax privileges, with the splendid returns assured to the University as the result of the resumption of student activities, certainly the undergraduates will prove loyal in the hour of trial and rally to the support of their Alma Mater."

COUNCIL URGES MASS MEETING

(Continued from page 1)

School should have more representation on the Council. Leslie W. Teller, Eng. '18, was selected to fill the vacancy caused by the resignation of William S. James. Mr. James resigned as an active member, but will serve as an ex-officio member, being manager of the track team.

The Councilmen objected strenuously to having the opening game played at the Union League Park, but Manager Baer explained the matter over the telephone and it was found to be unavoidable. The Georgetown field can only be secured for one game aside from the Georgetown game, and Manager Baer wishes to use it when the team meets Ursinus. The students will be admitted to the contest upon the presentation of the tax cards. If they are misplaced they should see their dean and get a certificate of admittance.

Ex-officio Want Vote

The ex-officio members of the Council were solidly opposed to the ruling in the resolutions which govern the body, prohibiting them to have a vote. They claimed that in so far as they did as much work as the active members and could serve on committees they should be given a vote. This question was laid on the table for the next meeting, which will be held next Tuesday evening at 8 o'clock in the Law Building.

The subcommittee on athletics failed to have a report ready, due to the fact that its chairman did not know the extent of his power. Chairman Norris, of the Council, explained the matter thoroughly and stated that the subcommittee as appointed by the Council chairman had authority to call a meeting of athletic managers, call for reports and in general look into the manner in which athletics are being run.

The matter of insufficient support by the fraternities came up for a great deal of discussion and it was decided to make an investigation of each, explain the matter to their officers so that better cooperation might be had in the future. The matter of student support should be taken up by each fraternity and see that their members are behind football and other sports, it was stated.

Representatives from the college publications The Hatchet and Cherry Tree issued calls for assistants. The Hatchet wishes three men for assistant business managers and two as-

How do your cigarettes treat you
AFTER you smoke them?

(This is a test that few cigarettes can stand up under)

Many other good cigarettes besides Fatimas taste mighty good—WHILE you are smoking them. Fatimas are not the only good ones. Although Fatimas taste so good that they continue to outsell any other cigarette costing over 5c.

But Fatimas deliver something more than good taste. They will give you cigarette comfort—comfort while you are smoking them and comfort AFTER you smoke them.

While you are smoking them, they will feel cool and comfortable to the throat and tongue.

And AFTER you smoke them—even though you may smoke more than usual—they will leave you feeling as you'd like to feel. No heavy or "heady" feeling—none of that "mean" feeling of having smoked too much.

All this is the reason why Fatimas are called a SENSIBLE cigarette.

Yes—some day you will try Fatimas. Why not do it today?

ARTILLERY ENLISTMENT PAYING PROPOSITION

Minimum Compensation Is 94 Cents
Per Drill Night—Pay Is 25 Per
Cent of That of Regular
Service.

The compensation received by the G. W. U. Artillerymen should encourage a number of students who have not yet signified their intentions of joining to enlist. The men are required to drill one night each week for which they are fairly paid.

The pay in the Company is 25 per cent of that of the regular service. For each drill night this amounts to 94 cents for privates, \$1.50 for corporals, \$1.87 for sergeants and \$2.50 for first sergeants.

In order to be entitled to full pay, a man must have attended at least 12 drills in every six months. In addition to the compensation already mentioned there is an additional sum of 75 cents for each of our enlisted men who passes the first class gunners' examination. Every enlisted man is entitled to take this examination. There will probably be about 20 in this Company when the present examinations are over.

On November 8, the War Department will conduct examinations to cover enlisted specialists and officers' examinations. There will probably be six or eight men take the first examination in the officers' course. This examination will only be open to those enlisted men who are first class gunners.

NOVEL ENGINEERING TRAINING

The Philadelphia Electric Company has established a Department of Cadet Engineering which is not for military training as its name suggests, but for the training of students or graduates of technical schools by having them spend a definite time, in each of the engineering branches such as construction, operating, distribution for a period of two years.

Cadets entering the two-year course must be graduates of recognized scientific schools or have an education satisfactory to an examining committee. They are expected to remain the entire two years and continuing in the permanent service of the company if a satisfactory position can be arranged, altho neither the employee nor the company is bound to continue the relations if not mutually satisfactory.

A salary at the rate of \$60 per month is paid during the first year and at a rate not less than \$65 per month the second year.

TIME EXTENDED ON CHERRY TREE PICTURES

Photographer Agrees to Take Pictures Until November 1.

The photographer for the Cherry Tree have agreed to extend the time limit for pictures until November 1. After that date they will be forced to charge their regular rates, due to the beginning of their Christmas rush.

The photographers are making five sittings of each person and are offering a reduced rate on all individual pictures ordered from the Cherry Tree negatives. Right now is the time to benefit both yourself and your college. Join the crowd that is on its way to Harris & Ewing, 1311 F street northwest. It is preferred that appointments be made. They have reserved from 8:30 until 10 o'clock in the morning and from 3 until 6 o'clock in the evening for G. W. U. students.

TO FORM STORY TELLERS' LEAGUE

At a meeting of all persons interested in story telling to be held in the gridiron room of the New Willard tonight at 8 o'clock, for the purpose of forming a Story Tellers' League, Miss Marietta Stockard, a member of the faculty of Teachers College, will tell of the work in Washington.

Nicks

Did you ever hear of a straw ride at noon? Well—Tully C. Garner took one recently. Yes—with two bale!

"Al Jolson must have been in town last week," said a professor. "No extra chairs were needed in my class room."

When it was heard that Al Jolson treated the front row to wine in the afternoon performance a number of evening students took a vacation.

"Gee—this place is swarmed with sheriffs!" exclaimed one of the tourists when the outskirts of the battlefield was approached. Close examination of the shiny things showed that they were "Official Battlefield Guide" badges.

Three cheers for the team! The auto-rooters gave three punctures.

Bixler, reading guide book to Gettysburg: "Turn to right, cross same railroad three times and keep on direct road."

A voice (smothered under blanket in rear seat): "Aw, let's fool 'em and only cross it once!"

"In what direction are we going now?" asked a voice.

"Straight ahead," came the reply.

"CUB" REPORTERS HAVE VARIED EXPERIENCES

Student of Journalism Gives Experience of "First Night Out."

The journalism students have had varied experiences while reporting on The Herald in conjunction with their class work. Prof. Croissant had the "cubs" relate in about 150 words the experience they got on their first assignment. The following is written by Miss Mary E. Grabill and is a typical example of a "cub's first night."

"Mr. Bell?"

"Why, Mr. Bell is out of town. He won't be here until 6 o'clock."

This was the information given by the office boy to three wondering and bewildered students of the reportorial art when they asked for Mr. Bell at his office in The Herald building. To think that they, three students of the George Washington University, should be kept waiting from 2 o'clock the time of their appointment, until 6! However, while their indignation was cooling they decided to look around and see how a real newspaper office looked, and in the meantime in came Mr. Bell.

The next surprise was finding how hard it is to make a typewriter write the things one thinks, how hard it is even to commence one's own name with capital letters or to keep the machine from making dollar marks where dashes are needed. How maddening these three were when one witnessed the speed of the man at an opposite desk who "plunked" a dozen keys with one finger while we were surveying the keyboard looking for a letter.

Yet, each keeps the ambitions she held at the start and each hopes some day to feel like a real reporter instead of an even-less-than "cub."

A CALL FROM THE WEST

"I am out here in the 'wild and woolly,' but cannot get along without The Hatchet," writes Leo C. Terry. "Please place my name on the subscription list and don't forget the back copies."

Mr. Terry was active in numerous student affairs last year, but he left Washington shortly after his graduation to take a position as teacher at Union, Montana. He states in his letter that he thinks it splendid out there. He expects to file on a homestead and be a "fullfledged rancher," in the near future.

"Give my best regards to all the boys," he said in closing.

DEBATE ARRANGED WITH NORTH CAROLINA

G. W. U. to Take Negative Side.
Question Already Chosen—Men
With Debating Experience
Wanted.

In accordance with the agreement made last year by the Debating Council, G. W. U. will meet the University of North Carolina in the second annual debate with that institution on or about December 15, in this city. Tryouts for the team to represent G. W. U. will be held next Monday evening at 8 o'clock in the North Hall of the Law School.

Pgad B. Morehouse, president of the Debating Council and debating coach, has announced that the subject for the try-outs Monday will be "Resolved, That Congress Should Pass a Law Requiring Compulsory Arbitration of All Controversies Arising Between Employers and Employees of Railroads, Constitutionality Waived." This is the same subject upon which the intercollegiate debate with North Carolina will be held, G. W. U. having the negative side of the question.

The rules governing the try-outs are as follows: Speeches must be of no greater length than five minutes. Either side of the question may be argued, and a copy of all written speeches should be turned in before the contestant leaves North Hall. Together with the copy of the speech, a brief statement of all previous debating experience will be required. In the case of difficulty arising among the judges as to the choice of the team, the previous experience of the applicant will be considered, altho the showing made at the try-out will be of prevailing weight.

No contestant will be allowed to hear the trial of any fellow contestant. The team, consisting of two speakers and an alternate, will be chosen by a board of three judges, who are as follows: Dean Wilbur, Prof. J. L. Parks and P. B. Morehouse, coach and chairman.

The Debating Council has made the further announcement that the alternate will be expected to do more work than the others, and that the team will get to work immediately after its selection.

ORGANIZE HUGHES CLUB

Hughes followers of the A. & S. Department met last Wednesday at noon in the Assembly Hall and formed a Hughes Club. Officers were elected and future plans discussed. The idea originated with the girls and they planned the meeting.

The officers of the Club are: Miss Katherine Vaux, president; W. S. Hance, Jr., vice-president; Miss Gertrude Walter, secretary; Miss Bindon Colonna, treasurer; John S. Bixler, publicity manager; C. Sumner Hunter, general field agent.

At a meeting of the Club, 7:30 o'clock next Wednesday evening, C. Sumner Hunter will give a booster talk for William Hughes.

FORMER EDITOR WANTS HATCHET

Edwin Harsch, who is teaching at the University of Tennessee, has requested that his name be placed on the subscription list of "the old axe." "Don't forget the back issues," he writes. He stated that he must keep in touch with his friends, and the only way is thru The Hatchet.

University Calendar

A mass meeting will be held in each department this evening at 4:30 o'clock. Be sure you listen to the speeches.

Varsity is to meet Western Maryland tomorrow at the Union League Park, Fifteenth and H streets northeast, at 2 o'clock. Your tax cards will admit you.

The G. W. U. Art Society will hold its first meeting of the year today at noon in the A. & S. Assembly Hall. Officers for the ensuing year will be elected and plans made for general advertising of all student activities by means of suitable art compositions. Artists both among the men and women are urged to attend this meeting and start the year right. No dues are asked.

A meeting of the Junior Engineering Class has been called by Watson Davis, president '15-'16, to be held in the mathematics room of the A. & S. Department, tonight at 6:45 o'clock. Officers will be elected.

A meeting of the Senior class of Columbian College has been called for Monday at 6:45 o'clock in the A. & S. Assembly Hall. John S. Bixler will preside.

The George Washington University Orchestra will start the season with a rehearsal this evening at 8 o'clock in the A. & S. Assembly Hall. It is the intention of those interested to make this the most successful season the orchestra has yet enjoyed. In order to bring this about, it is necessary to have the cooperation of all the students who play orchestral instruments.

The Sophomore Engineers will meet Monday night, 6:45 o'clock, in the Physics lecture room for the election of officers.

The Freshmen of Columbian College will meet 8 o'clock, Friday, October 27, by order of the Student Council.

(Continued from page 1)

yard line by two first downs where they were held. A return punt gave Gettysburg the ball on their 45-yard line at the end of the first half.

Gettysburg received the ball at the beginning of the 3d quarter and were pushed back on their 10-yard line. G. W. U. took their punt to midfield and made a first down. A heavy penalty prevented the home eleven from making another first down after a substantial gain from a clever play. Punts were exchanged when Pepper brought the ball to our 35-yard line. G. W. U. advanced the ball to midfield for a first down, when a forward pass—Hillis to Pepper—was good for another first down on Gettysburg's 30-yard line.

Two forward passes by G. W. U. that went wrong started the last quarter and a first down by Gettysburg put them on our 30-yard line. From here the Gettysburg quarterback got away with the ball for a touchdown. Gettysburg received the ball after an exchange of points and made a first down on a forward pass. Emanuel received another forward pass with which he got away for a touchdown. Gettysburg kicked goal from the first two touchdowns but missed the last scoring 20 points.

Tomorrow's game with Western Maryland will be played at Union League Park, 15th and H streets northeast, at 2 o'clock. Tax cards will admit you to the contest.

Departmental Notes

COLLEGE OF PHARMACY

H. H. Bunzell, formerly professor of general chemistry, has resigned his position in the Department of Agriculture to go to the University of Cincinnati to teach biological chemistry.

Walter B. Norris, Phar. '17, has accepted the position of apothecary at Soldiers' Home. L. M. Poston, secretary of last year's freshman class, has gone to West Virginia to take the State Board of Pharmacy examination.

Pharmacy College is manifesting a wide interest in the coming attempt to make a degree in Pharmacy one of the requirements of our District Board of Pharmacy. Such a law is already in force in other states. It is as wise a step as the requirements demanded by Medical Boards and Bar Associations throughout the country and will be another stride in the advancement of Pharmacy as a profession.

MEDICAL SCHOOL

Under the able management of Patrick P. Vane, Superintendent of the Medical Building, the book-selling privilege is now established on a most excellent, and, at the same time, a most serviceable foundation as far as the interests of the students are concerned.

Prof. James H. Collins is at present at the head of the Department of Pharmacology as successor to Prof. Stout, who recently resigned from the Faculty of Medicine of the University.

For several months past, Professors Collins and Ellison have been conducting a series of very interesting experiments in feeding white rats and mice on certain glandular extracts. In the near future the results of this valuable work in metabolic studies will be made public, and will, doubtless, prove of interest to the scientific world.

In the resignation of Prof. J. Duerston Stout from the Faculty of Medicine to assume the duties of Assistant Surgeon in the United States Public Health Service, the Medical School has sustained a distinct loss. In the performance of his duties, Prof. Stout displayed a singular devotion to his arduous calling and maintained in his department a high standard of efficiency. In his new field of duty in the United States Service, he carries with him the best wishes of the students and former faculty associates.

At the regular meeting of the Senior class held last week, the following officers were elected for the ensuing year:

President, Bertram Goesbeck, jr.; vice-president, L. E. Mueller; treasurer, Victor M. Bryan; secretary, D. J. Dickerson; sergeant-at-arms, B. Richardson Bolton; class editor, R. B. Miller.

Recognized as one of the most difficult services to enter by virtue of the high standard of requirements for admission to its ranks, the Medical Corps of the United States Army has on its rolls today five First Lieutenants of recent appointment who proudly claim the Medical Department of G. W. U. as their Alma Mater. They are:

First Lieutenants Fortier, Class of '13; Corbett, '13; Kenner, '14; Sloat, '12; and Mareno, '15.

Dr. Henry K. Craig has been authorized by the Dean of the faculty of medicine to assume charge of all publications coming from the Departments of Medicine and Dentistry with the view of carefully editing the same. Students having material suitable for publication may leave the same in the Pathological Museum at any time.

DENTAL SCHOOL

John B. Copping organized an automobile party which joined the A. & S. Department group on the Gettysburg trip last Saturday. The boys showed lots of school spirit.

ENGINEERING COLLEGE

Walter Johannessen, B. S. in C. E. '16, is with the Pennsylvania Railroad on appraisal work. "Joe" has covered the greater part of the States of Ohio and Illinois since graduation.

The class in first year structures is a record-breaker as to size. This should mean some competition as to results and lots of good discussion in the drawing room.

L. M. Heron, B. S. in E. E. '16, has resigned his position at the Bureau of Standards and is now Chief Engineer at Technical High School.

J. H. Wilson, M. E., vice-president of the Engineering Society, has resigned his position at "Tech" and is now in charge of the wood-working department at the New Central. Unfortunately, due to press of work, he could not accompany the High School Rifle Team to Jacksonville.

LAW SCHOOL

The Walter Clark Law Club held its election of officers recently, and as a result the following were chosen: Einar W. Dieserud, president, and Max Rhodé, secretary. Harold S. Haines and Joseph Carbo were appointed the committee on assignment of cases. A few additional members were elected, among these being several from the Freshman Class.

The Junior Class at a meeting held Monday night, elected J. T. Graves, president, and E. C. Taylor, secretary. The other officers are appointive, according to the provisions of the Class constitution, and their names will soon be announced.

VETERINARY COLLEGE

The Senior Class recently held a meeting and elected the following officers: President, W. C. Pulsifer; vice-president, R. L. Nichols; secretary-treasurer, R. H. Lewis; sergeant-at-arms, H. M. Savage, and editor, W. H. Wright.

Sergeant Louis Lawych, who is now on the border with the Signal Corps, O. M. D. C., and who was unable to return to school this year, was elected honorary secretary of his Class.

Jas. Pullman, '20, has been pledged to S. A. E.

Dr. H. H. Lockboller has resumed his lectures on materia medica.

COLUMBIAN COLLEGE

Miss Sidney Burleson has returned to College after an interesting vacation spent in Wyoming and Texas.

Miss Ella Gardner attended the convention of the Playground and Recreation Congress at Grand Rapids, Michigan, and spent two weeks in studying playground conditions in Cleveland, Ohio, Detroit, Michigan, Pittsburg, Pa., and Altoona, Pa.

The Misses Theodosia Seibold, Charlotte Stimpson and Dorothy Davis whiled away time between classes the other day by giving a ukulele concert in front of the Arts and Sciences Building. We hope that it will be repeated soon again.

Wallace M. Yater has been made military instructor of the Washington High School Cadets, and has been busy conducting examinations for officers of the same. He was Colonel of the organization in 1914.

With The Greeks

THETA DELTA CHI

C. R. Finley, '19, has just been notified that he was successful in passing the examination for a commission in the army which was held last month.

Warren M. York, Law '18, was married on September 21 to Miss Adele Johnson.

Theta Delta Chi will give a luncheon at the Raleigh Saturday, October 21. Many of the alumni are expected to be on hand.

SIGMA PHI EPSILON

Sigma Phi Epsilon held its last rush smoker, Saturday, October 7.

Mr. D. D. Hathaway, from Mass. Alpha is visiting Sigma Phi Epsilon, while preparing for the Army examination.

Rosser L. Hunter and Harold Brown are stationed with Troop A, at Fort Sam Houston, San Antonio, Texas.

SIGMA KAPPA

Wednesday evening Sigma Kappa gathered in the woods in Takoma Park under the harvest moon to enjoy songs and stories and "eats" around a roaring fire.

Sigma Kappa entertained at a tea-dance last Saturday afternoon at the home of Miss Mary Newcombe.

SIGMA NU

Past Regent A. H. Wilson of New York was a recent visitor at Sigma Nu House.

Sigma Nu announces the pledging of Hillis, Niederhauser, Kebler, Barrells, Boyd, Rhomberger, Cole, the two Kelly brothers, Sullivan, Birmingham and Eaton.

W. E. Hudman, jr., of Alabama, was a recent visitor at the Chapter House.

KAPPA ALPHA

Kappa Alpha held the second of its smokers of this season at the Chapter House last Friday. The third smoker will be held tomorrow at the same time as the monthly alumni meeting. Kappa Alpha announces the pledging of Sutton (Dental), Monroe (Law), and Huse (Columbian College).

PI BETA PHI

The engagement of Miss Edith Thomas to Heine French has been announced.

Miss Hester Munger is studying music this winter at the Peabody Institute in Baltimore.

PHI MU

Miss Louise Lowber, University of New Mexico, has registered for work in the University. She is the guest of Miss Pierce this winter.

Phi Mu entertained at informal luncheons in the Chapter room on Monday and Tuesday, five guests being present at each.

Miss Fay Pierce entertained at tea at her residence on Sunday, October 15.

SIGMA CHI

The final rush smoker was held at the Chapter House last Saturday evening. Hawaiian music and a few snappy wrestling matches added to the usual entertainment.

Sigma Chi announces the pledging of Frederick V. Arbor and Clarence M. Ruffner at the Law School, and Walter S. Ruffner, William I. Jackson and Charles J. Vallier at the Columbian College.

Sigma Chi will entertain the meeting of the Interfraternity Association at the Chapter House this evening.

DELTA TAU DELTA

Gamma Eta of Delta Tau Delta announces the pledging of the following Freshmen: Robert J. Lodge, Meriden, Conn.; J. Cecil Leonard, Glendive, Mont.; Tom J. Peyton, John Linder, Clarence A. Smith, Thomas T. Stayton, Joseph B. Schaaf, Charles J. Brenham and Royal E. Foster, all of Washington, D. C.
